

Health Socks

Bamboo Charcoal Fibre has the advantage of absorbing toxins through the soles of your feet. In a similar way charcoal absorbs toxins when administered as an oral poisoning antidote. Its loosely fitting top is totally non-restrictive to circulation and is therefore suitable for diabetics or people with circulation problems. The bamboo charcoal fibre is restricted to the grey sole section of the sock only. The Overall Composition: 46% Bamboo / 20% Bamboo Charcoal Fibre / 28% Cotton / 6% Elastane.

Available in the following colours and sizes:

Colour	Mens 4-6 / Womens 6-8	Mens 6-10 / Womens 8-11	Mens 10-14
